This classic comedy opens as a group of the guys assembled for cards in the apartment of divorced Oscar Madison. And if the

mess is any indication, it's no wonder that his wife left him. Late to arrive is Felix Unger who has just been separated from his wife. Fastidious, depressed and none too tense, Felix seems suicidal, but as the action unfolds Oscar becomes the one with murder on his mind when the clean-freak and the slob ultimately decide to room together with hilarious results as The Odd Couple is born.

A mystery writer rents a New England house that is the rendezvous point for some jewel thieves. The focal point of the set is the closet which opens into a living room and a library. A body found in the closet promptly disappears only to be succeeded by another. The hunt for the jewels reaches a climax at two A.M. when four couples unknown to each other turn up to search.
